Recruitment to the Post under ICMR Research Project SMRITI

Applications are invited for 01 post in the ICMR-funded project "SMRITI: Stratified Multicentre RCT of Intravenous vs Traditional Inhalational Anaesthesia – A Biomarker-Stratified Multicentre RCT Evaluating Propofol TIVA vs Isoflurane for Postoperative Delirium Prevention in Geriatric Surgery" under Principal Investigator Dr Omshubham Gangadhar Asai, Associate Professor, Department of Anaesthesiology, AIIMS Nagpur.

The Year 1 tenure is nine months, extendable subject to project duration, funding, performance and institutional approval.

Detailed eligibility criteria are as follows:

Sl. No.	Post	No. of posts	Eligibility criteria	Monthly remuneration	Age Limit
	Project Nurse-II	01	**Essential*** Three-year General Nursing and Midwifery course from a recognized institution Desirable* 1. Valid registration with the applicable State Nursing Council. 2. Experience in perioperative nursing, critical care, geriatric nursing or clinical research. 3. Familiarity with delirium assessment, cognitive screening, patient follow-up and clinical documentation. 4. Good communication skills in Hindi, Marathi and English. 5. Working knowledge of computers, spreadsheets and electronic data entry. 6. Good Clinical Practice training or willingness to complete protocol-specific training before undertaking study duties. **Job responsibilities** 1. Screen potential participants and support recruitment, participant information and consent procedures under investigator supervision and documented delegation. 2. Conduct protocol-specified postoperative delirium assessments	₹24000 per month (₹20000 + 20% HRA)	30 years

			using CAM or CAM ICU and delirium severity assessments using CAM S, after completing training and competency assessment. 3. Perform scheduled cognitive, recovery and pain assessments, and coordinate participant follow-up. 4. Maintain blinding to treatment allocation and follow the study procedures restricting access to intraoperative allocation information. 5. Maintain accurate case report forms, assessment records, follow-up trackers and source documentation. 6. Coordinate protocol-specified sample collection with the clinical and laboratory teams. 7. Promptly report clinical concerns, adverse events and protocol deviations to the investigator. 8. Undertake related project duties assigned by the Principal Investigator. Clinical diagnosis and treatment decisions remain the responsibility of the treating investigators.		
2.	Project Technical Support-III	01	**Essential*** Three-year graduate degree in a relevant subject or field with three years of relevant post-qualification experience, OR a postgraduate degree in a relevant subject or field. For Engineering, Information Technology or Computer Science, a four-year graduate degree is eligible where relevant to the assigned project functions. All qualifications must be from a recognized university or institution. Relevant subjects: Medical Laboratory Technology, Medical Laboratory Sciences, Biochemistry, Biotechnology, Life Sciences or Biomedical Sciences. Engineering / IT / Computer Science qualifications must be relevant to laboratory data systems or sample tracking. **Desirable qualifications and skills** Hands-on experience in blood sample processing, serum or plasma separation, aliquoting, ELISA, pipetting, cold-chain management and sample inventory;	₹24000 per month (₹20000 + 20% HRA)	30 years

			familiarity with laboratory quality control, biosafety, laboratory records and computer-based data entry. Desirable criteria are preferences and do not replace or add mandatory experience to an otherwise eligible qualification route. **Job responsibilities** Process and aliquot study samples according to SOPs; maintain sample identification, inventory, temperature and cold-chain records; assist with ELISA assays and laboratory quality control under supervision; prepare reagents and maintain equipment logs; coordinate sample receipt and shipment; enter laboratory data and assist with consumable stock records. Blood collection, if assigned, requires appropriate training and institutional authorization.		

*Qualifications and relevant subject equivalence shall be governed by the applicable ICMR guidelines. Candidates with higher qualifications must also meet the prescribed essential eligibility criteria.

Age relaxation, where applicable, will be as per prevailing ICMR and institute rules.

Important Dates

Last date for submission of application	16/11/2026 before 17:00 hr
Date of interview	21/11/2026
Reporting time	8.00 AM
Venue	**Department of Anaesthesiology, 1st Floor IPD OT Complex, AIIMS Nagpur**

Application and Selection Procedure

1. Candidates must apply through the online application link to be provided in the published advertisement and upload the required certificates and the CV in Annexure I format.

2. Applications submitted by email or post will not be accepted.

3. Upload proof of date of birth, educational qualifications and relevant research/clinical experience.

4. Applications will be screened for eligibility. Shortlisted candidates will be notified through the AIIMS Nagpur website and/or email.

5. Selection will be through a personal interview at AIIMS Nagpur. If more than 15 applications are received for this one post, a written test may be conducted to shortlist candidates for interview.

6. Candidates must produce original documents for verification. No TA/DA will be paid for attending the selection process.

Terms & conditions

1. This is a fixed-duration, purely temporary post under an ICMR-funded project.

2. It is not a regular post of ICMR or AIIMS Nagpur and confers no claim to permanent employment.

3. The initial tenure is nine months in Year 1. Renewal is subject to project requirements, fund availability, performance assessment and institutional approval.

4. The engagement will end automatically upon expiry of its approved term unless renewed.

5. The appointee will carry out duties assigned by the PI, including multicentre coordination, trial documentation, data quality oversight and biomarker workflow support.

6. Leave, notice, termination and other service conditions will follow the applicable ICMR guidelines and institute orders.

7. The stated remuneration includes HRA at the budgeted rate; other allowances, if any, will be governed by the sanction and applicable rules.
