## Specification

camera cable and connector in the camera head of Laparoscopy system.

- This specification defines the requirements for the cable assembly and connector interface used between the laparoscopic camera head and the Camera Control Unit in a minimally invasive surgical imaging system.
- The cable assembly shall connect:
  1. Distal end: laparoscopic camera head.
  2. Proximal end: Camera Control Unit.

• This should be compatible with existing  
Laparoscopy system of wolf.
