

NOTICE INVITING QUOTATION

The Executive Director, All India Institute of Medical Sciences, Nagpur invites quotation from the reputed supplier for **Primary Immunohistochemistry ANTIBODIES** at AIIMS Nagpur details are given below:

Sr. No.	Items	Qty	Unit Price	Total	GST%	Net Total with GST
1.	Matrix Metalloproteinase-2 Antibody	1				
2.	Matrix Metalloproteinase-9 Antibody	1				
3.	Tissue Inhibitor of Metalloproteinase-1 Antibody	1				
4.	Tissue Inhibitor of Metalloproteinase-3 Antibody	1				

TERMS AND CONDITIONS:

1. All quotations shall be addressed to the **Executive Director, AIIMS Nagpur** only. Quotations not so addressed shall be summarily rejected.
2. Copy of the NIQ along with all applicable Annexures, duly signed and stamped by the Authorized Signatory, shall be submitted with the quotation as acceptance of all terms and conditions.
3. The bidder shall submit detailed technical specifications and official brochure/product datasheet of the quoted items. The overall technical specifications shall be strictly as per Page No. 2 / Annexure-I (Primary Antibody Specifications).
4. A duly filled Technical Compliance Statement against each specification of Page No. 2 / Annexure-I shall be submitted. Quotations without technical specifications/compliance statement shall be liable for rejection.
5. Rates shall be quoted per unit, excluding GST. Applicable taxes shall be quoted separately.
6. The material shall be supplied within 45 days from the date of Supply Order.
7. Delivery shall be FOR O/o the Director, AIIMS Nagpur. All applicable packing, forwarding, transportation and delivery charges shall be borne by the supplier.
8. The vendor shall submit a declaration stating that the firm is not debarred/blacklisted by the Department of Commerce or the concerned Ministry/Department. The declaration shall be dated between the date of NIQ and the last date of quotation submission.
9. In case of delay in supply, Liquidated Damages @ 0.5% of the contract price of delayed/undelivered stores per week or part thereof shall be recovered, subject to a maximum of 10% of the value of delayed stores.
10. Payment shall be released after satisfactory receipt and inspection of the material by the concerned User Department. Damaged, defective, short-supplied or non-conforming items shall be replaced by the supplier before payment.
11. The vendor shall furnish **Bank Account Number, Bank Name, Branch and IFSC Code** for facilitating online payment, wherever applicable.
12. AIIMS Nagpur reserves the right to **accept or reject any or all quotations, in whole or in part, without assigning any reason**, subject to applicable rules.
13. Quotations shall be submitted in a **sealed envelope** at the Admin Block, AIIMS Nagpur, super scribing:

“QUOTATION FOR SUPPLY OF IMMUNOHISTOCHEMISTRY ANTIBODIES FOR DEPARTMENT OF ANATOMY FROM RESEARCH PROCUREMENT CELL AT AIIMS NAGPUR – NIQ NO. AIIMS/NGP/RPC/ANATOMY/2026-27/NIQ/102 DATED: 04 Sep 2026”

The quotation shall be submitted on or before 11 Sep 2026 at 17:00 hrs & shall be opened on 12 Sep 2026 at 11:00 hrs

Note: Bidders shall carefully comply with the **detailed technical specifications, quality requirements and documentary requirements prescribed at Page No. 2 / Annexure-I of this NIQ.**

Recommended specifications for Immunohistochemistry Antibodies

ANNEXURE - I

Sr. No.	Primary antibody Name	Recommended Specifications
1.	Antibody (Matrix Metallo proteinase-2)	1. Mouse or rabbit monoclonal preferably polyclonal, unconjugated primary antibody. 2. Reactive with human tissue and suitable for Immunohistochemistry on Formalin-Fixed Paraffin-Embedded (FFPE) human tissue (IHC-P). 3. Suitable for DAB chromogenic immunohistochemical detection. 4. Supplied as liquid concentrate or ready-to-use (RTU). 5. Compatible with manual staining and automated IHC platforms (e.g., Ventana BenchMark series or equivalent). 6. Minimum pack size: 100 µL or equivalent. 7. The supplied pack should be sufficient to stain at least 100 standard FFPE tissue sections at the manufacturer's recommended working dilution. 8. Manufacturer-recommended optimized IHC-P staining protocol shall be provided. 9. Storage conditions: 2–8°C for short-term storage and –20°C for long-term storage, or as recommended by the manufacturer with Product under warranty for 1 year from the date of shipment unless otherwise stated on the document or product label.
2.	Antibody (Matrix Metallo proteinase-9)	1. Mouse or rabbit monoclonal preferably polyclonal, unconjugated primary antibody. 2. Reactive with human tissue and validated for Immunohistochemistry on Formalin-Fixed Paraffin-Embedded (FFPE) human tissue (IHC-P), preferably including validation on human vascular tissue or equivalent human tissue. 3. Suitable for DAB chromogenic immunohistochemical detection. 4. Supplied as liquid concentrate or ready-to-use (RTU). 5. Compatible with manual staining and automated IHC platforms (e.g., Ventana BenchMark series or equivalent). 6. Minimum pack size: 100 µL or equivalent. 7. The supplied pack should be sufficient to stain at least 100 standard FFPE tissue sections at the manufacturer's recommended working dilution. 8. Manufacturer-recommended optimized IHC-P staining protocol shall be provided. 9. Storage conditions: 2–8°C for short-term storage and –20°C for long-term storage, or as recommended by the manufacturer with Product under warranty for 1 year from the date of shipment unless otherwise stated on the document or product label.
3.	Antibody (Tissue Inhibitor of Metallo proteinase-1)	1. Mouse or rabbit monoclonal preferably polyclonal, unconjugated primary antibody. 2. Reactive with human tissue and validated for Immunohistochemistry on Formalin-Fixed Paraffin-Embedded (FFPE) human tissue (IHC-P), preferably including validation on human vascular tissue or equivalent human tissue. 3. Suitable for DAB chromogenic immunohistochemical detection. 4. Supplied as liquid concentrate or ready-to-use (RTU). 5. Compatible with manual staining and automated IHC platforms (e.g., Ventana BenchMark series or equivalent). 6. Minimum pack size: 100 µL or equivalent. 7. The supplied pack should be sufficient to stain at least 100 standard FFPE tissue sections at the manufacturer's recommended working dilution. 8. Manufacturer-recommended optimized IHC-P staining protocol shall be provided. 9. Storage conditions: 2–8°C for short-term storage and –20°C for long-term storage, or as recommended by the manufacturer with Product under warranty for 1 year from the date of shipment unless otherwise stated on the document or product label.
4.	Antibody (Tissue Inhibitor of Metallo proteinase-3)	1. Mouse or rabbit monoclonal preferably polyclonal, unconjugated primary antibody. 2. Reactive with human tissue and validated for Immunohistochemistry on Formalin-Fixed Paraffin-Embedded (FFPE) human tissue (IHC-P), preferably including validation on human vascular tissue or equivalent human tissue. 3. Suitable for DAB chromogenic immunohistochemical detection. 4. Supplied as liquid concentrate or ready-to-use (RTU). 5. Compatible with manual staining and automated IHC platforms (e.g., Ventana BenchMark series or equivalent). 6. Minimum pack size: 100 µL or equivalent. 7. The supplied pack should be sufficient to stain at least 100 standard FFPE tissue sections at the manufacturer's recommended working dilution. 8. Manufacturer-recommended optimized IHC-P staining protocol shall be provided. 9. Storage conditions: 2–8°C for short-term storage and –20°C for long-term storage, or as recommended by the manufacturer with Product under warranty for 1 year from the date of shipment unless otherwise stated on the document or product label.

ANNEXURE-II
TERMS & CONDITIONS AND DOCUMENTARY REQUIREMENTS

A. REQUIRED DOCUMENTS / PROOFS TO BE SUBMITTED ALONG WITH QUOTATION

The following documents/proofs are mandatory and shall be submitted along with the quotation. The bidder shall indicate YES/NO and mention the corresponding proof/document in the last column.

S. N.	Requirement / Document / Proof	Mandatory	Proof / Document Submitted
1	Technical specifications of the quoted Primary Antibodies as per Annexure-I (Primary Antibody Specifications).	Yes	
2	Proof of manufacturing of the quoted antibodies under ISO 9001:2015 standards or equivalent internationally recognized Quality Management System certification.	Yes	
3	Documentary proof/Datasheet/ certificate confirming that the quoted antibodies are of research-grade quality and are intended for use in research projects in accordance with applicable research guidelines and laboratory protocols.	Yes	
4	Copy of NIQ along with Annexure-I and Annexure-II, duly signed and stamped by the Authorized Signatory of the bidder, as acceptance of the terms and conditions.	Yes	
5	Non-Blacklisting / Non-Debarment Declaration stating that the bidder is not debarred/blacklisted by the Department of Commerce or the concerned Ministry/Department. The declaration shall be dated not earlier than the date of NIQ and not later than the last date of submission of quotation.	Yes	
6	GST Registration Certificate showing the valid GSTIN of the bidder.	Yes	
7	Past Experience Documents for supply of the quoted items/products or any other antibody to Government Organization/Hospitals of the quoted company/manufacturer, including client/organization, Purchase Order/Contract Order number and date, year of supply and order value/amount.	Yes	
8	Official Product Brochure / Product Datasheet of the quoted antibody/product, issued by or bearing the identification of the manufacturer/company.	Yes	
9	Any other document specifically required under Annexure-I for the respective antibody/product.	As applicable	

B. TECHNICAL, DELIVERY, QUALITY AND COMMERCIAL TERMS & CONDITIONS

S. N.	Term / Condition	Requirement / Condition	Compliance (YES/NO)
1	Technical Specifications	The quoted Primary Antibodies shall conform to the technical specifications prescribed in Annexure-I (Primary Antibody Specifications).	
2	Application	The antibody shall be suitable for Immunohistochemistry on Formalin-Fixed Paraffin-Embedded (FFPE) human tissue (IHC-P).	
3	Reactivity	The quoted antibody shall be reactive with human tissue as specified in Annexure-I.	
4	Quality Management System	The antibodies shall be manufactured under ISO 9001:2015 standards or equivalent internationally recognized quality management certification.	
5	Research-Grade Quality	The antibodies shall be of research-grade quality and shall be strictly utilized for the research project, adhering to established research guidelines, laboratory protocols and applicable scientific/regulatory requirements.	
6	Warranty	The supplied items shall have a minimum warranty of 12 months from the date of shipment unless otherwise stated on the document or product label.	
7	Cold Chain	It shall be the responsibility of the supplier to maintain the required cold chain/temperature conditions throughout transportation until the product is received by the User Department. In case the required cold-chain conditions are not maintained up to the time of receipt, the supplier/dealer shall be responsible for replacement of the affected kit(s), subject to verification by the User Dept.	
8	Replacement	In the event of initial staining failure being reported by the User Department before expiry/estimated shelf life, the supplier shall replace the affected kit(s), subject to verification of the reported deterioration.	

S. N.	Term / Condition	Requirement / Condition	Compliance (YES/NO)
9	Staggered Supply	Where the remaining shelf life of any particular kit does not permit bulk storage, the supplier/distributor may be required to make staggered supplies against the same Purchase Order, as per the requirement of the User Department, without any additional cost.	
10	Tentative Quantity	The quantities mentioned in the NIQ/Annexure-I are tentative and may be increased or decreased depending upon the actual requirement of AIIMS, Nagpur. No claim shall be entertained by the supplier on account of variation in quantity.	
11	Rate Quotation	Rates shall be quoted per unit item, excluding GST. GST, wherever applicable, shall be indicated separately.	
12	Delivery Period	The material shall be supplied within 45 days from the date of issue of the Supply Order, unless otherwise specified by the User Department.	
13	Delivery Charges	The quoted rates shall be inclusive of all applicable delivery, transportation, packing, forwarding and other incidental charges. No additional delivery charges shall be payable by AIIMS, Nagpur.	
14	Payment Terms	100% payment shall be made after satisfactory delivery and receipt of the material by the User Department and completion of applicable formalities.	
15	Compliance with Specifications	The bidder shall ensure that the products supplied are exactly as quoted and comply with the specifications and requirements prescribed in Annexure-I.	
16	Acceptance of Terms	Submission of the quotation shall constitute acceptance of the terms and conditions of the NIQ, subject to the bidder duly signing and stamping the prescribed compliance documents.	

C. INSTRUCTIONS FOR FILLING THE COMPLIANCE SHEET

1. The bidder shall indicate "YES" or "NO" against each individual requirement in the Compliance column. Mere submission of the quotation without clearly indicating compliance shall not be considered sufficient.
2. Wherever a requirement calls for documentary evidence/proof, the bidder shall mention the document name/reference in the "Proof/Document Submitted" column and shall attach the corresponding document with the quotation. All documents marked with (*) in the NIQ are mandatory.
3. Any "NO" response against a mandatory/non-negotiable requirement, failure to provide the required documentary proof, or submission of incomplete/ambiguous compliance may lead to rejection/disqualification of the quotation. The bidder shall ensure that all mandatory requirements are fully complied with and duly supported by documentary evidence.

D. GENERAL EVALUATION CONDITION

Evaluation shall be carried out based on the degree of compliance with the prescribed technical, documentary, quality, delivery and commercial requirements. The bidder demonstrating the highest degree of compliance with the mandatory requirements shall be considered for procurement, subject to fulfilment of all applicable procurement rules and approval of the Competent Authority. Non-compliance with any mandatory/non-negotiable criterion shall not be entertained and may lead to disqualification of the bidder.

Note: Submission of proofs marked with (*) is mandatory along with the quotation.
